**NEWS RELEASE**

**APODI CONTINUES TO EXPAND RESOURCING DIVISION WITH NEW MANAGING CONSULTANT**

Apodi Limited is delighted to announce the appointment of Lubna Khan to the position of Managing Consultant, Resourcing.

Lubna spent 14 years working in the pharmaceutical industry where she began her career as a rookie representative. She progressed with several different roles across various therapy areas, ending as Sales Training Manager for AstraZeneca.

After leaving the industry in 2007, Lubna set up her own IT recruitment business where she successfully established herself as an expert within the Microsoft space recruiting for multinational clients globally. Her expertise lies in matching the client and candidate not only skills-wise but also ensuring a cultural and personal fit.

Her role within the Apodi Resourcing team will be to further develop our services within the clinical and medical sectors.

Tony Swift, Managing Director, stated 'We are delighted to appoint Lubna to this role. Her skills, knowledge of the industry and experience within recruitment make her an ideal individual to drive and develop our services within the clinical and medical sectors.'

**About Apodi**

Apodi provides comprehensive outsourcing solutions to pharmaceutical and healthcare businesses and organisations. Working in partnership with pharmaceutical and healthcare companies we deliver innovative, commercial and value added outsourcing solutions, which:

- Improve patient outcomes and experiences
- Advance relationships with the NHS and Healthcare Providers
- Drive the commercial return of products

The Apodi Resourcing Unit offers a full end to end recruitment service, offering permanent headcount recruitment services and internal contract role fulfillment.
